

NEW STRUCTURE

DETAILS

Project

Athletic Field Press Box
Escanaba, Michigan

Area

Total 740 sq.ft.

This press box replaced a smaller press box to include larger press rooms, coaches rooms and scoreboard/announcers room. The new press box allowed for better distribution of the building weight into the aged concrete grandstand structure to prolong the grandstand's life.

New Escanaba Eskymos Press Box

Old Escanaba Eskymos Press Box

Design work completed by an employee of DDGi at a previous firm.
