

NEW OUTDOOR POOL - 2015

DETAILS

Project

KOA Campground
Newberry, MI

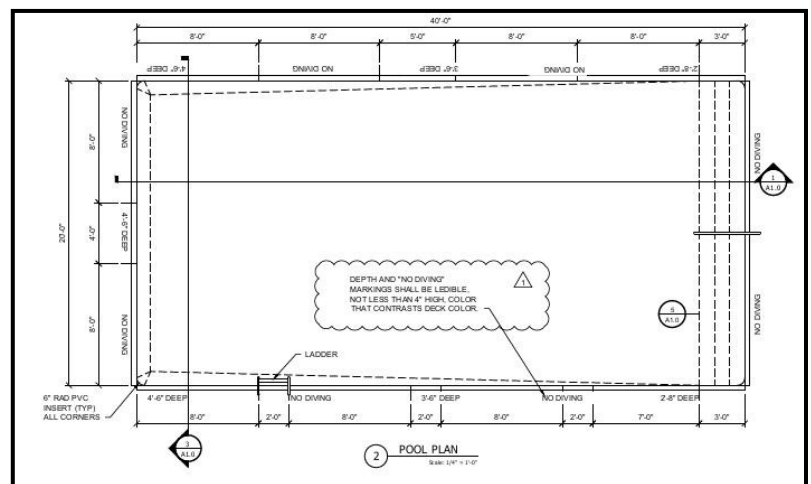

Area

20'x40' = 800 sq. ft.

The KOA Campground needed to replace the outdated swimming pool with a new swimming pool and mechanical system. We designed the new pool to meet current Michigan public swimming pool codes while helping the client and builder decipher the codes to ensure a smooth construction process.

The new KOA swimming pool.
